Red, the color of the Prefecture flower and flag.  
Green, the color of the rich landscape and vegetation of the islands.  
Blue, the color of the seas surrounding the islands that provides the abundant sealife.

The Okinawa Association of America, Inc. (OAA) is a 501c(3) nonprofit corporation. Its purpose is to preserve and perpetuate, as well as to promote the appreciation of Okinawan culture through education and local and international exchanges.

The OAA is having its annual Picnic and Bon Dance, July 15, 2018 at Whittier Narrows Recreation Park. A tradition since the 1930's, the picnic is one of the organization's largest annual events with over 600 guests. Continuous entertainment is provided throughout the day culminating with a *Bon Dance*, which is community folk dancing to honor our ancestors. While entertaining for families and friends, this event also provides everyone with the opportunity to learn about and appreciate the Okinawan culture. We also present the winners of our high school scholarship awards and enjoy games and family fun.

We are soliciting donations, raffle prizes and sponsorships to help offset the many expenses that are incurred for this event. Donors will be recognized at the event and through other means (see *sponsorship tiers*).

We thank you for our consideration of this request.
